Below are areas I see that can use improvement with attention and detainee labor:

- Floor in medical between constant watch cells and observation rooms has "bare spots". Needs evened out with wax.
- Need wax in additional to the only the floor sealer we have on hand.
- Touch up paint does not match (green, blue or beige). Ensure maintenance provides us with paint that is the correct color or paint the entire door, wall, etc., with the same paint.
- Floors throughout the building need "shined".
- Exterior wall at front entrance needs scuff marks removed. Vargas landscapers may be able to assist.
- Windows need cleaned at front entrance.
- Replace white board board with offsite medical information with bulletin board and "ticket pouches". Also needs to be relocated so detainees and visitors in the hallway can't see/read the information.
- Several ID holders in RHU need replaced.
- Top showers on RHU B-Side are starting to accumulate soap scum
- No detainee workers were present working (I know shifts are short staffed today).
